

Twelfth Race

1. Prioritize

2. Harlan's Harmony

3. Near Gold

PRIORITIZE gets the benefit of the doubt for his 2019 debut where he looked a little short while riding the inside in a race that was wired by Greek Alphabet; looked like an up and coming 3yo turf horse last summer and draws perfectly for his second start back. **HARLAN'S HARMONY** finds wins hard to come by but his recent form is solid and he is versatile in terms of running style; distance a bit of a question for him. **NEAR GOLD** has been concentrating on synthetic in recent races overseas but turf is not a question and he has no distance limitations; needs to be ready off the layoff and he can afford to break behind the field in his stateside debut.
