

Analysis By: **Mike Beer**

11 **COUNTRY GRAMMER** didn't draw well on the far outside but this \$450k Tonalist colt debuts for the best trainer on the grounds has been training progressively all summer; isn't much in his first generation but his pedigree traces back to a strong Juddmonte family. 4 **U S ARMY CORPS** had speed to get forward first time out and was in the mix at the top of the stretch before proving to be no match for a dominant winner; well-bred colt draws inside and can easily improve enough to be hard on this field. 2B **UNCLE NED** an Uncle Mo colt from the female family of Tonalist (was a top dirt horse but there is turf in his pedigree) debuting for an excellent first-out trainer; forms a solid West Point entry with the equally well-bred VOODOO ZIP.
