

Analysis By: **Mike Beer**

9 ALREADYCELEBRATING's best effort to date came on turf but all of her dirt starts came early on vs. MSW rivals, with two of those races coming in the slop; faces maiden claimers on the main track for the first time while cutting back in distance. **1 FUNDERELLA** has hit the board in three straight while facing open maiden claimers and she did not run poorly three back when aggressively ridden and just failing to hold; back quickly with speed from the rail. **5 FLATTERING EYES** chased FUNDERELLA two back without threat while settling for 3rd then failed to back that race up at all in her next start; best effort to date came over this distance back in May.
