

Gradually improving 3-year-old took advantage of easy pace last out to dominate maidens at even-money. Perhaps that will turn out productive race, two-three finishers Aggressivity and Stretford End are choices to win first two races on this card. To be realistic however, even though the pace scenario of this allowance does not appear all that tough, the fractions will be quicker than he benefitted from last out. Would need forward move to handle this cast, otherwise he is not fast enough.
