9 **PALM SPRINGS**, the days best, came highly touted for debut but ran into a good one in Wilkes firster Violent City while also not getting the best of trips breaking step slow, rushing up and checking along inside down backstretch. Pulls outside gate for return. Should prove too fast for this field. 2 **KING**

**KHOZAN** turned in even effort from tough post launching career at 6F with two of the four who have come out of the race returning to win MSW races in NY and at Oaklawn Park. Expecting big improvement at second asking. 3 **BEAR ALLEY** did show much in debut and probably has a future on turf being a half to both Arklow and Maraud but has shown some improvement of late in a.m., worth tossing in for share at big balloons.
