

Analysis By:**Brad Free**

4 **HECK YEAH** has worked well for his first start since March. A two-time stakes winner, he retains his N1X eligibility because those stakes were restricted to Cal-breds. His bullet workout last weekend was in company with Roadster, a contender Saturday in the G2 San Pasqual Stakes (race 8). 3 **TIGER DAD** finished second four straight at this level. He has speed, and should be lapped on potential pacesetter 1 **SOLDIER BOY**. The latter set a fast pace last out, led to deep stretch, and then missed by less than a length. He benefits by the cutback from six and a half furlongs to six, and probably is the one to catch.
