

CLOSER LOOK: Showed big-time potential last year; while he was only 4th in the G1 BC Juvenile Turf he ran awfully well as he had early trouble, found himself with too much to do but finished well; came back smartly to win a stakes at GP March 28 and the guy he beat (South Bend) is no slouch, either; worked in solid fashion since and while he does his best work in the lane note that on at least one occasion he showed some tactical speed so he doesn't have to come from way out it.
