

**Analysis By:Mike Beer**

5 **MARTINEZ** debuted sprinting on opening weekend and came though with a promising effort that day while getting away last from the gate and rating at the back early, before coming wide and putting in a good finish while still looking a bit green; stretches out with that solid run to build on. 6 **HALPERT** a firster by top turf influence More Than Ready and from a female family full of turf performers; Englehart has been quiet with his first time starters this year but emerged as one of the better debut trainers on the circuit over the past couple of years. 8 **ACTION JACKSON**'s sire, Union Rags, isn't a strong turf influence but he can get winners on this surface, and this colt is all grass on the bottom; dam, J'ray, was a multiple grade stakes winner on the grass en route to earning nearly a million bucks and she has already dropped a couple of talented turf performers.
