1 **CRYSTAL LAKE** was overmatched in the G1 First Lady at a distance longer than she wants, but that race could have her set up to win this turf-sprint allowance. She remains relatively unexposed in short grass races and probably will be a fair price. 11 **INTUICAO** from the owner, trainer, jockey who won the Shadwell Turf Mile with Ivar. G1-placed in Brazil, been given ample time to acclimate to N Hemisphere, and even if she "needs" a race might fit in with these. 12 **ORIGINATOR** one of several who are tough to separate, and while she has an outside draw, they could go fast and set things up for a closer like she.
