

Analysis By:Mike Beer

5 **CHROME DIXIE** debuted going long at Saratoga and did not have a clean trip from off the pace while caught over behind horses for a long way and only coming clear too late; can improve as he turns back to sprint if working out a clean trip. 7 **BREW PUB** made his debut sprinting on turf at Churchill vs. much better horses and was racing on late without making an impact; improved with lasix and blinkers on when switched to dirt last time but can have another chance as he returns to turf and cuts back. **2**

MARTINEZ ran pretty well sprinting first time out to finish a good 3rd despite showing some greenness, then did not improve at all after a good trip going longer last time; cuts back.
