4 **IT'S A GAMBLE** hasn't factored in his last two starts after being stretched out vs. stakes company, though he ran fine two back while gaining ground throughout behind a front-running winner, and he was wide over yielding ground last time; made an eye-catching late run sprinting on debut at Saratoga and may really appreciate cutting back for this while returning to his available condition. 5 **HILLBILLY LOGIC** a maiden with just the one start behind him, but he appeared to land in a very tough spot first time out vs. a pair of impressive rivals, including his winning stablemate; giving away a lot in terms of experience but this field may not be much tougher than the one he debuted in. 1 **PHANTOM SMOKE** sat a perfect trip and won easily first time out over fellow NY-breds for the hottest trainer on the grounds; steps into open company with tactical speed from the rail.
