

Analysis By: **Mike Beer**

2 MR HOT CHACHA debuted here 12 days ago and finished a no-threat 4th while racing on to the end behind a clear-cut winner; looked like a horse that could benefit from the run while getting out-paced and then finishing with interest. **4 SONIC SPEED**'s lone turf start to date was his best effort by far, as he contested the pace throughout before settling for second with a solid 66 Beyer; tough if running as well in this spot as he switches back to turf. **8 MARTINEZ** came up short in a slow race on the main track last time, and he was also gaining too late behind SONIC SPEED on turf two starts back; has run well in both turf sprints to date.
