

Analysis By: **Mike Beer**

Best Bet: **Strong Point (1st race)**

2 **TENDERFOOT** has improved significantly since being claimed by Baker and exits a game run in the Jazil last time, where he was only second-best to Mr. Buff; like him cutting back for this with tactical speed. **1** **CHESTERTOWN** might have the advantage over **TENDERFOOT** going longer but at a one-turn mile he will likely have to improve in that face of that one's recent form; well-bred colt keeps getting better and won convincingly over this track and trip two back with a solid figure. **4** **ZOOMER** took advantage of a clear lead on a strong rail to earn a new top figure going longer two back, but he backed that race up pretty well last time over this distance; off the claim for a dangerous trainer while in form.
