7 **ALWAYZ LATE** comes off far and away her best yet last time, continues to train well for jump to next level. Distance should be to her advantage. Will need some help up front with speedy 1 **TRAFFIC LANE** who figures to control this one a long ways from her inside post. Main danger if she can stay nine furlongs. 6 **LADY TRAVELER** exits graded stakes placing on dirt now switches to grass, big question mark with the surface change although should handle going being kin to multiple G1 grass winner Heart to Heart
