

Analysis By:Mike Beer

4 FIRST CAPTAIN debuted over seven and showed plenty of promise in that spot to keep up close to a contested pace while maybe a bit green, and then kicking in with a strong late finish to get up; bred to get better with distance. **1 YANKEE DIVISION** has been using his speed since starting back this year and his first three starts of 2021 have earned him the top figures of his career; took advantage of a loose lead on a gold rail when earning that 99 first time back, but he ran well again on a fast pace going longer in his next start; dangerous speed from the rail. **5 THE BIG KAHUNA** did a lot of racing to win his lone start as a 2yo, dueling early and then seeing off a rival late to pull clear; missed a lot of time after that but he ran well upon his return last month when chasing and never relenting over a wet track; stretches out a bit.
