

CLOSER LOOK: Did nothing wrong in first 3 starts, all here, winning her first 2; that said, those wins came sprinting and when she routed for the first time (at this trip) here Nov. 12 she dueled before ending up a well-beaten 2nd to today's foe Hits Pricey Legacy; is that a sign she's not as effective at this longer trip, or was she done in by the duel, or did she simply tire since it was her first time going this far?; the good news is her HOF trainer keeps her at this trip and she has the speed to flee this outside post; 2 of 3 sibs are winners including Oro Bird (22-7-2-3, \$96K, all wins routing).
