**DON'T OVERLOOK ME** breezed a strong 10-flat before going for \$390k as a 2yo, and she has a solid pedigree to go along with her looks; debuts for Pletcher with a few bullets showing. **DEMANDSRESPECT** began at Saratoga last summer over a wet track, where she did not get a great trip after steadying away last from the gate; made only one other start as a 2yo, that in a race that has produced three next-out winners, including the undefeated Kathleen O.; chance to improve quickly making her 3yo debut with Lasix on. **RUN UP THE SCORE** steadied to last at the start of her debut and wound up last in a race that was dominated up close; needs to take a step forward making her second start for top connections.
